FOSS FIGHTING SENATOR LODGE. PROVINCETOWN, Mass., Dec. 2.—Governor-elect Foss, who announced that he would stump the state against the reelection of Senator Lodge, unless the latter would announce himself out of the running, opened his campaign here last night. He denounced the veteran senator as the instrument of the trusts and one of the conspirators who forced

the Payne-Aldrich tariff on the country. While Foss is a Democrat, the legislature of this State is in the hands of the Republicans, who will choose a Republican Senator to fill the seat now occupied until March 3 next by Senator Lodge. The fact that Lodge is a standpatter and is personally unpopular, are what add weight to the opposition of the governor-elect.

PHONEY CHECK NOT MEANT FOR A SWINDLE

Goo Yee, who has been the subject of enquiries made by the Federal authorities in connection with an alleged sale of illicit opium, turned up at the police court yesterday after it had been announced that he could not be found.

Goo Yee was out under bond awaiting trial on a charge of gross cheat, but Bert Lightfoot explained that he was under the impression that Goo Yee thought the matter had been settled. The case against him was one of gross cheat, giving a check without having funds in the bank to meet it. Goo Yee was given to understand that if he made good the deficiency the matter would be dropped and this he had done. The case was before the court on Wednesday and continued until yesterday, but Goo Yee left the court under the impression that the matter had been closed. Lightfoot sent for Goo last night and told him he would have to attend court this morning but since then he understood that a Federal warrant had been issued for Goo and that the officials had arrested him.

District Magistrate Lymer said that if Goo was in Federal custody his bond would not be forfeited, and gave Attorney Lightfoot until today to find Goo.

A few minutes later Goo appeared in court, whereupon City and County Attorney Cathcart asked for a nolle prosequi, explaining that he was so advised by Attorney Charles Chillingworth who appeared to assist the prosecution.

Chillingworth stated that he had investigated the matter and had found no indication of intent to defraud and recommended the course proposed.

Judge Lymer concurred and Goo Yee was discharged.

CALIFORNIA SENDS A LOBBY

SACRAMENTO, December 2.—Governor Gillett left yesterday for Washington, where he will join forces with the San Francisco delegation on the ground in readiness to back San Francisco's claim to the endorsement of the industrial expositions committee of the senate and the industrial arts and expositions committee of the house for the holding of a Panama Canal Exposition in 1915. The presence of Governor Gillett with the delegation is expected to give force to the contention that the delegates represent the entire State of California. The Governor will also present to the committee the formal endorsement of San Francisco's claim passed by the State legislature and also the endorsement recently passed by the Pacific Slope Congress.

Headquarters Established.

WASHINGTON, December 2.—The full delegation of the San Francisco Panama Exposition "boosters" arrived here yesterday and have opened headquarters for the session.

UNCLE SAM USES HAND PRESSES

WASHINGTON, D. C., November 22.—Unionism exacts an annual tribute of \$778,000 from one bureau alone of the United States government. Each year this large sum is contributed from the Federal treasury to the union plate printers employed in the Bureau of Engraving and Printing. This sum represents the amount that would be saved annually by the Federal government if power presses were introduced into the bureau, in place of the old hand-roller presses now used in turning out bonds, notes and checks.

An act of Congress passed in 1898 at the instance of union labor has prevented the introduction of this economy. Not only has this act cost the Federal government many hundreds of thousands of dollars each year in excess wages, but it has necessitated the throwing of power presses, for which the government itself had paid more than \$15,000 into the junk heap.

The immediate introduction of power machinery to do work now performed on hand presses would reduce the force of printers in the bureau by 450 and printers' assistants by 250. The Plate Printers' Union for twenty years has successfully blocked efforts to have the government notes, bonds and checks printed by the steam or power presses, and the union is supposed to be more strongly entrenched in Congress now than it ever has been.

INTERESTING TO MOTHERS—HOW TO CURE COUGHS AND COLDS.

There is one subject, which always interests the mothers of young children, and that is how to treat their coughs and colds, or to ward off a threatened attack of croup. For this purpose we can recommend Chamberlain's Cough Remedy. It always proves beneficial. In case of croup, it should be given as soon as the croupy cough appears, so as to prevent the attack. Keep it at hand ready for instant use. Many mothers do so, and it saves them much uneasiness. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.
